

Student Spotlight

Name: Philippe Schicker
Major: Engineering
Country: Germany

Two years ago, Philippe arrived at Citrus College a shy international student in an unfamiliar place. In the years since, he has taken advantage of opportunities present on campus, such as the peer-friendship-program and the Rocket Owls, to achieve impressive success.

These programs, along with the support of welcoming professors and staff, have enabled him to participate in the NASA Student Launch competition and become the International Vice President of Phi Theta Kappa.

The ISC staff applauds you in your efforts and success!

ISC Activities

The ISC schedules activities and events that provide international students with an opportunity to engage with American culture. ISC typically hosts at least one activity per month. Activities in the last two years included:

- Dodgers Baseball Game
- Warner Bros. Studios
- Karaoke Party
- Beach Party
- Six Flags
- Halloween Party
- Museums
- Universal Studios
- Christmas Buffet

Graduation Dinner Celebration

At the end of every spring, the ISC brings together all graduating and transferring international students for a dinner get-together to honor their success. The celebration is a time to reflect on their amazing years with Citrus College and say goodbye as they prepare for the next step on your academic path.

Each year we celebrate by exploring new and adventurous culinary styles to recognize our diverse roots with diverse meals. This year's event was held at Capital Seafood in Arcadia, which features traditional Chinese cuisine.

Citrus College News

You have all made us proud this year, especially our 2018 graduates who achieved nearly an 80% acceptance rate into UC schools!

We will honor our international graduates at Citrus College's 102nd commencement ceremony on June 16th, 2018 in the Citrus College Stadium. All of us at the ISC are sad to see you go and hope for your future success.

Eighty-five international students, representing twelve countries, will receive their diplomas this June. Many of our graduates will also receive honors as well as ASCC Executive Board recognition along with their diplomas.

2018 Graduating Countries of Origin
