

Student Spotlight

Name: Mika Nagaosa
Major: Business Administration
Country: Japan

Mika joined the ranks of the ISC in 2017 and quickly became a recognizable staple within the ISC office as a student worker. Working at the ISC has allowed her to quickly make friends, learn about our campus, and help other students do the same.

She plans to leave us for University of California (UC) next year to continue her studies in Business, but says she will miss the cozy and welcoming environment of Citrus College. However, she is glad for Citrus College, the guidance she received here, and our partnerships with UC and California State schools to ensure her future success.

Thank you for your service to the ISC! You will be missed next year.

NIC International College in Japan

Every June we welcome the arrival of our NIC International College in Japan students. The NIC and Citrus College have been long-time partners dedicated to introducing Japanese students to American culture and education. The NIC has over 30 years of tradition in making overseas study for Japanese students a dream come true. Hundreds of NIC students have made the journey to Citrus College in our 12-year relationship. NIC Students often transfer to top universities to complete their educational program. We are excited to welcome our new NIC students for the coming school year.

Citrus College News

Every June graduating students part ways with Citrus College in the commencement ceremony held in the Citrus College Stadium. This year, we celebrated our 102nd ceremony and sadly said goodbye to eighty-five graduating international students. For those with another year left with us, we wish you a summer full of excitement and adventure. For those who plan to remain in the classroom during the sweltering summer months, the summer session kicks off on June 25.
